

Sprint 2 retrospective.

Improvements

More proactive on Git more regular pushes with specific commit messages.

We all feel too much time given to one task and little reward.

More research needed by everyone. 1-2 quality research papers a week. schedule a meeting on Thursday after standup to discuss research papers.

More descriptive features.

Ask for help quicker.

More detailed readme files on git hub.

What went well.

Good communication.

Keeping up with our standups.

Good team work.
