

# User Stories

Format of a User Story: As a <type of user>, I want <some goal> so that <some reason>

As a bus user,	I want to know how long my journey will take so that I know when to leave my house
	I want to know if the bus will be full when it arrives so that I know if I will be late to work
	I want to know where my bus is so that I don't miss it
	I want to know if my journey will be delayed so that I can plan accordingly
	I want to know if walking will be quicker than the bus so that I get to my appointment earlier
	I want to know the price of my journey so that I can make sure to have enough funds on my leap card
As a user,	I want to create an account so that I can save my settings
	I want to favourite my usual bus stops so that I can access them quickly
	I want an app that is colourblind accessible so that I can easily read it
